A Rebel Soldier Votes in W T

COLVILLE W T July 1 1864

EDITOR OREGONIAN

Will you please publish the following letter which was sent some three weeks since to the *Washington Statesman* for publication That paper refusing in the interest of the Copperhead organization there declined to publish it

COLVILLE W T June 13 1864

EDITOR WASHINGTON STATESMAN

Have not the judges of an election the right to exact an oath of allegiance to the United States Government from a person of suspicious loyalty before casting his vote?

At the election on Monday the 6th inst, in this precinct (Upper Touchet) Mr Anderson Cox one of the judges challenged the vote of one man on the ground that he had been in the Confederate service which the man acknowledged and said that he had served under Claib Jackson in Missouri Mr Cox then decided that before he could vote he must take the oath of allegiance which he refused to do The other two judges Rev John K Mc Ghee and Mr Thomas Kinnett overruled the decision of Mr Cox and said all that was necessary was for him to swear that he had resided six months in the Territory and fifteen days in the county which was very readily done, and the Confederate soldier voted

The question was not raised by Cox as to the requirements of the Territorial law but simply on the grounds of loyalty to the Government It occurred to me and others at the time that these two judges were either most culpably ignorant of their duty or were so wrapped up in a desire of party success as to utterly ignore all justice or law on the subject In either case they certainly are deserving a thorough ventilating

By publishing this in your paper and giving your views on the matter you will oblige many voters in this precinct If wrong we wish to be righted and if right we will be gratified to know it

Respectfully yours
LOONEY C BOND

As the result of the election in Walla Walla county has not been fully given I will state that the Copperheads had a majority for Cole for delegate to Congress of over three hundred and for this election the Union party without an organization made up an unconditional Union ticket and made a canvass for it electing one Representative—B N Sexton—thus defeating the Copperhead candidate Rev K McGhee and reducing the Copperhead majority to less than one hundred votes Frank P Dugan another Copperhead candidate for the Legislature was elected by *less* than fifty votes, and report says we have elected our candidate for Prosecuting Attorney for this District Colville done the thing The Union party by another election will be thoroughly organized

Yours very respectfully,
LOONEY C BOND

The right of an American citizen to vote in Washington Territory, after complying with the local law, is undoubted The unlawfulness of a vote deposited by any alien is also undoubted While this rebel cannot acquire citizenship in any country not recognized by our Government as independent and sovereign, it is clear that if a man has the power by any act to transfer his allegiance from the United States Government, the confession of the rebel that he had been in arms against it, and his refusal to take the oath of allegiance, certainly proves that he stood before the polls an alien and not a citizen It did not exhibit any great degree of good taste or loyalty on the part of the judges to allow a professed traitor in arms to vote, even if there was no law to prevent him Part of the States and Territories have provided, by special statute, against the commission of such an outrage within their jurisdictions, and if the Legislature of Washington is willing to let her people be outvoted in that way, we are sorry for the people Gen Price will no doubt come over with a force to nominate and elect the next set of Territorial officers and delegates if thus encouraged so to do, and it is by no means certain that our neighbors would be much worse off than now

LETTER FROM REV DR BELLOWS —Our readers will be glad to know from the following letter, that the distinguished President of the Sanitary Commission will visit Oregon during the summer We know that he will be cordially welcomed and we doubt not that his patriotic eloquence will inspire the good people of the State with new enthusiasm in the noble work of affording generous relief to the brave defenders of the Nation's life—now, alas! suffering so terribly and bitterly in its behalf

BANISHMENT BY MILITARY ORDER —R K Porter Esq writing to the San Francisco *Bulletin* from San Pedro June 17th says

There is very little news in this part of the country [illegible] of interest being an occasional skirmish on Catalina Island among the different parties claiming mines One of the most serious of these separated fights was between Capt Way and Capt Gregory who are well known both on the coast and in San Francisco I know nothing about the origin of the difficulty or of its merits I only know that Capt Way was pretty severely handled As Capt Gregory is a very powerful man and so much noise was made about it Major Hancock was despatched from Camp Drum by Colonel Curtis to investigate the affair What evidence was brought to bear on the subject I don't know but Captain Gregory received the following order which I copy from the original orders

HEADQUARTERS SANTA CATALINA ISLAND CAL }
June 13 A D 1864 }

SPECIAL ORDER No 12 —In compliance with instructions from the General Commanding the Department of the Pacific Capt Gregory is hereby ordered to leave Santa Catalina Island forthwith and not return to it By order

Capt B R WEST Com'dg Post
J G BLAKE Lt 4th Cal Inft

Capt GREGORY Santa Catalina Island Cal

There will be a good deal of stir on account of this order as it will lead to the establishment of some kind of government on the island either civil or military The friends and sympathizers of Capt Gregory—and their name is legion—contend that there is plenty of civil law to settle all difficulties that the island being in Los Angeles county is no more under arbitrary law than any other place At all events something will grow out of Capt Gregory's banishment which will settle affairs on the island definitely and then the inhabitants will know just how they stand

Santa Catalina Island is situated some six or eight leagues off the coast of Southern California, and until recently has been occupied in part for stock grazing, and as an occasional resort for fishermen Now, however, it has become quite an important point by the discovery of mines, and is the present but temporary station of a small military force

UNUSUAL PROCEEDINGS —We notice says the Sacramento *Bee*, that in Nebraska, Nevada, and other territories where State governments are proposed, the Democrats are out in strong and bitter opposition to the State movement Usually Democratic practice has been averse to this In the days gone by, when Democratic heresies ruled the roost, the politicians of that faith saw in State Governments additional chances for offices to be gained from the people such as Governors Senators, Congressmen, etc, and they went for them with a will! Now they see that none of Democratic kind can expect promotion in new States, and that all new States that may be formed will be so many additions to the strength of the Union, besides relieving the general treasury of much expense, and consequently they oppose the formation of State Governments The States' rights politicians can be consistent only in their love for spoils and hatred of the Union

THE BEECHERS AND FREMONT —It has been said by Copperheads that the Beechers are all for Fremont The very reverse of this is true From Henry Ward Beecher and Mrs Stowe downward the Beechers are all committed heart and soul, in favor of the re-election of President Lincoln Recently, Henry Ward Beecher wrote a letter to an Indiana politician in which the following passage occurs

> In the present exigency in view of Lincoln's past Administration the evidence he has shown, the moral purity of the man the great and just confidence which the people put in him the anger which there would be if he were set aside or having it regarded as a popular rebuke of his policy and the confidence that I feel that though long in learning he has learned to govern I am full and strong in the conviction that he should be our next President

For the week ending May 28th says the Sacramento *Bee* the amount of goods imported to New York was $1 252 226, against $653 172 for the corresponding week in 1862 —increase nearly one half Is it a wonder that gold goes up, up up? While our imports are rapidly increasing our exports are as rapidly decreasing Gold and silver must go to make up the deficiency—hence gold is up to two hundred

NEVADA CONSTITUTIONAL CONVENTION —On the second day the Bill of Rights was taken up in Committee of the Whole, and finally amended so as to say that the paramount allegiance of every citizen was due to the Government of the United States in the exercise of all constitutional powers, as the same may have been or may be defined, by the Federal Judiciary

At the Philadelphia Sanitary Fair on the 14th of June, the vote on the $2 500 sword stood Hancock 1 172 Meade 1 329, McClellan, 1 [illegible] Grant 94 Receipts had reached $1,000 000

The New York *Independent* says that a rough estimate from tabular statistics makes average wages of the [illegible] thousand working women of New York at less than fifty cents a day

KEARSARGE —This is the name given a mountain in Merrimack county New Hampshire, which rises 2 4[illegible] feet above the sea Its summit is composed of bare granite

"MARCHING ALONG" —The Maryland Legislature has voted to present one of its colored regiments with a stand of colors When a slave State commits an act like this where is that Democratic thunder about the "nigger"?

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

Dates to July 11.

ALL QUIET ABOUT BALTIMORE.

No communication with Washington—Telegraph Cut and Railroad Stopped.

Passengers Robbed of Watches and Valuables.

Rebels driven from Frederick toward Monocacy

Raiders 28,000 strong, with 140 pieces of Artillery.

From Mexico—Gloomy Prospects for the Liberals.

MEMPHIS July 11 —Washburne's recent order detailing a guard of prominent secessionists to ride on the railroad trains has resulted in the entire cessation of the molestation of our trains by the guerillas on the river

BALTIMORE July 12—11 P M —Everything is quiet around the city A force of rebels passed through Jamestown last night to join the main body Business at a stand still

CHICAGO July 13 —It is impossible to obtain anything relative to the rebel raid in Maryland The dispatches are composed chiefly of rumors It is the opinion of those who are supposed to know that the rebel raid is nothing but a cattle and horse stealing expedition on a large scale It may prove otherwise though nothing that has yet transpired gives cause to be alarmed for the safety of Baltimore and Washington

PHILADELPHIA July 12—4 P M —The wires are again cut by the rebels between Baltimore and Washington

NEW YORK July 12 —On Sunday night orders were received at the Navy Yard to dispatch at once to Baltimore as large a force of sailors as could be mustered at this station to man the impromptu batteries erected in that neighborhood Admiral Paulding immediately answered the call sending quite a number from the school ship *North Carolina*

Nothing is known of the state of affairs at Washington all the wires down

BALTIMORE July 12 —Nothing from Washington but idle street rumors No dispatches no papers nor trains have arrived

The *American* has information from Frederick that the rebels were driven out yesterday at 9 o'clock A M by the advance of Cole's cavalry who dashed in and had a little fight with a small body of rebels in the streets stationed as a guard resulting in the defeat of the latter driving them toward the Monocacy During the time the rebels had possession foraging parties were sent through the country to secure horses and cattle and came in bringing droves of cattle sheep and hogs, literally filling the main streets which were driven to the fords and sent across into Virginia

Bradley Johnson's cavalry crossed the pike at Corrall's Manor at 9 o'clock yesterday morning with an immense train of captured horses going toward the Potomac

The conductor of a train from Washington at 9 o'clock yesterday morning reports no fighting up to the time he left.

At 12 45 the telegraph was cut from Annapolis Junction

The rebels obtained possession of the road at Beltsville and Bladensburg about one o'clock

The latest advices state that they are still in possession of it and are amusing themselves by destroying bridges and tearing up the track They are said to be in considerable force

NEW YORK July 13 —The *Herald* has the following in regard to the capture of the trains south of Havre de Grace about 12 miles from Gunpowder bridge On pistol shots being heard the train stopped The rebels entered with pistols in hands and ordered the passengers out As they went out they were robbed of their watches and money with the cocked pistols at their heads. The cars were then set on fire Gen Wm B Franklin passenger on the first train on being asked by the rebels who he was, replied nobody of any account The guard passed out but the Baltimore women told who he was when they returned and demanded his papers They took him in charge The rebel force was about 250 strong The lady prisoners were well treated, and appeared to be acquainted with many of the rebels whom they greeted most affectionately The rebels had no hesitation in taking what they wanted—from passengers boots coats, hats etc Among the prisoners were several of our officers who succeeded in making their escape The passengers were finally released and were obliged to walk nine miles to Bush river

CHICAGO, July 13 —A special to the *Tribune* from Philadelphia, says considerable skirmishing had taken place in the vicinity of Bladensburg. The rebels had been plundering Anne Arundel county It is believed they design making a demonstration on Annapolis A sufficient force is there to repel any attack

A gentleman from Frederick City who had been consulting at headquarters in Baltimore says he counted the enemy as they passed through Frederick and they amounted to 28 000 infantry and 140 pieces of artillery

NEW YORK July 13 —Acting Master Gibbs, U S Navy, captured on board the steamer *Electric Spark*, makes several important statements in regard to the pirate *Florida* Her armament consists of four rifled 68 pounders, 8 inch broadsiders abaft the mainmast, 120 pound rifle pivot and four small rifle guns in broadside forward In addition to this formidable battery she has one gun not mounted calibre not ascertained The crew consisted of about 200 men who looked undisciplined She is said to be short of engineers, so much so that they would be difficult to run the *Electric Spark* but they may run both vessels to Bermuda It is supposed the *Electric Spark* will be used as a tender to the *Florida*

INDIANAPOLIS, July 12 —The Democratic State Convention adopted resolutions denouncing the arbitrary arrests the suspension of the writ of *habeas corpus*, the suspension of newspapers and in favor of a speedy peace, and against the general policy of the present Administration

A resolution endorsing Vallandigham was lost amid much confusion, and a substitute adopted pledging that the Democracy will maintain civil and personal liberty at all hazards

MARYSVILLE, July 14 —The Eastern line has not worked to day The following items are of back dates

NEW YORK July 11 —The Philadelphia *Enquirer's* correspondent estimates our loss in the fight at Monocacy at 1 000 mostly captured after we were flanked. The rebel loss in killed and wounded is believed to be fully as large as our loss When the rebels took possession of Magnolia they intercepted a large number of dispatches among them one from Stanton to Cadwallader

PHILADELPHIA July 11 —No communication with Washington Great excitement is existing here The conductor of the train that was intercepted at Magnolia says the rebels fired the train and burned four coaches one baggage car and two locomotives It has been ascertained that two trains were burned on the Philadelphia Wilmington and Baltimore Railroad

A dispatch from the conductor of the second train captured says after firing the train the rebels started it back and it went half way over the bridge at Gunpowder Creek and there stopped and caused the bridge to take fire

HAVRE DE GRACE July 11 —The rebel force that captured Magnolia numbered 200 and after capturing burning two trains and firing the freight houses they started in a southerly direction towards Gen Cadwalader's residence for the purpose of burning it It has probably been accomplished before this The telegraph south of Magnolia is badly damaged Artillery firing has been heard since 8 o'clock this evening in a southwesterly direction.

PHILADELPHIA July 11—10 P M —Our gunboats commenced firing on the rebels at Bush Hill on Bush river This is the nearest river to Baltimore Trains from here this morning went as far as Perrymansville then turned The next train went only to Wilmington No signs of the rebels at the former place

LATER —The gunboats have driven the rebels from Bush river and recaptured one locomotive

HARRISBURG July 11 —The headquarters here has no longer any communication with the authorities at the Washington Department [illegible] since they telegraphed Couch investing him with ample power to meet such contingency until [illegible] at least Bridges of the Northern Central Railroad are destroyed between Monkton and Cockeysville A rebel deserter who represents himself as a native of Indiana states the rebel force invading the North is very large There are three brigades of cavalry under Breckinridge and Imboden and another division of infantry Their movements are kept a profound secret from the officers The general impression in the ranks is that the object is to capture Baltimore or Washington [illegible] belonging to the [illegible] that are well [illegible] say that at the [illegible] from [illegible] diminished [illegible]

A Salt Lake telegram says that Gen Connor had placed a provost guard in the city which has incensed the Mormons very much Rumors are in circulation that an attempt is about being made to drive out the guard, but had assumed no tangible shape

THE REBELS JOKING —Here is a Confederate joke on the Confederate currency which a London correspondent finds in a Charleston paper where the 19th day of the siege is chronicled like the appearance of Miss Bate and in Leah or Southern [illegible] Dundreary [illegible] A gentleman wishing to buy some feed for his cow [illegible] that a cart load of Confederate notes would just pay for a load of shucks but then as he had seen the cow chewing a piece of paper it was a question of relative nutriment whether he should buy the shucks or save trouble by feeding [illegible] the currency

MEETING OF THE COMMON COUNCIL —The usual weekly meeting of the Board of Councilmen, was held at the Council Chamber last evening In the absence of President McCraken, Councilman Starr was called to the chair

The following members were present Councilmen Cook Frazar, Gradon Goodnough, Hurgren, and Starr

The minutes of the last meeting were read and approved by the Council

A petition for relief from the late City Collector was received and referred to the committee on accounts and current expenses

A petition from the O S N Company relating to the improvement of half of Pine street, on the river front in connection with the construction of a new wharf in that locality was referred to the committee on streets and public property

The committee on accounts and current expenses reported favorably on bill of City Collector for the fees due him, $48 91, and a warrant was ordered to be drawn for the amount

The committee on streets and public property reported favorably on bill of N Northrup for services and labor performed as Street Commissioner, $80 and a warrant was ordered to be drawn for the same

The same committee reported an Ordinance for the grading of Main street, from Front to Fourth streets in accordance with a petition from the residents asking that the same be done, under the supervision of the Street Commissioner

The Ordinance was objected to and upon motion laid on the table

The judiciary committee reported favorably on the bills of J F McCoy Recorder $15, and H L Hoy, City Marshal $51 1[illegible] for which amounts warrants were ordered to be drawn

The claims of A D Miller $2, and Washington Artillery Company $11 were referred to the committee on accounts and current expenses.

The special committee appointed to confer with the County Commissioners in reference to the City Hall made a report in connection with which plans of the building were submitted The whole matter was laid upon the table for one week

The bill of the City Treasurer, for $51 75, was taken from the table and upon motion, a warrant was ordered to be drawn for the amount.

On motion of Councilman Frazar a resolution expressing thanks to Washington Artillery Company for firing the salutes on the Fourth of July, were passed

The Ordinance relative to the grading of Main street was taken up and passed to a second reading

On motion Council adjourned

A GENUINE RUNAWAY —Common runaways occur in this city daily, and are scarcely worth noting but when a team of horses can "get up and dust" creating such an excitement and doing as little damage as did that of Mr Hendrickson on Front street yesterday it must be counted something extraordinary The team had been left standing in front of an establishment where the driver was engaged in trading and were put to flight by the locking of wheels, with another team that was passing close to them The course lay down Front street and the "time" was remarkably fast At the junction of Alder street the first casualty occurred where Collector Frazar was in peril for an instant as the team bore up in the door of J Vielers store breaking the wagon tongue, as it struck the front of the building The team then passed along the sidewalk drawing the wabbling vehicle the front of J McHenry's crockery store where it was only prevented from rushing in at the door by the stub of a tongue which ripped the casing tore up the sidewalk demolished a box of glass ware and stopped the wagon At the Temperance House a dozen persons were stampeded and the horses kept on—parting at the Pioneer Hotel, they still followed down [illegible] and may be running yet for all [illegible] There are too many occurrences of runaway horses in Portland to let them pass without [illegible] headquarters "yet nothing of the kind is ever done and we presume teams can do as much damage as they like, so long as the private accounts are settled

COMMERCIAL —The bark *Cambridge* leaves this port to-morrow for the Sandwich Islands, with a cargo [illegible] Lumber 200 M feet, shingles, [illegible] 25 pkgs, oats, 12 000 lbs; salmon 50 [illegible] pitch 10 pkgs varnish 9 spirits turpentine, [illegible] The *Cambridge* made the present trip to Portland upon experiment with the hope of establishing a line for exchange of Island produce for Oregon produce and we believe has partly succeeded in the [illegible] and will return in a short time with more staple products than brought on the last voyage when it is thought arrangements will be perfected by which the line may be sustained, To carry on a movement of this kind practically, at the present time will require strict economy, but in the future it may be made to pay largely We trust Capt. Brooks may be successful in his object. The schooner *Jenny Jones* which has been detained for several days past, in consequence of litigation, and her disaster at Peacock Spit will also leave to-morrow morning for Victoria with the following freight 600 sks flour 135 sks bran 590 sks oats, 169 sks wheat 56 sks feed 8 sks peas Captain Jones has met with a bad streak of luck so to speak, in his efforts to establish a line to Victoria but now the enterprise looks very favorable

SQUELCHING A MOLESTER —A crowd of boys are in the habit of congregating at the corner of Front and Washington streets where the workmen on Mr Parrish's new building obtain water for mixing mortar and molest the tank by getting drinks etc to the huge disgust of a son of Erin who determined to put a stop to the botheration Accordingly, about noon yesterday the plan culminated, and as the boys had surrounded the hogshead reservoir, amusing themselves by squirting and ducking Patrick advances from the rear suddenly and with an exclamation "Faith a ye d in here" tumbled one of the boys into the reservoir, nearly terminating in a squabble for his life A large crowd of bystanders were attracted to the spot, and the boy was relieved from the imminent peril of putting a period to his existence

OREGON PATENT —Mr J M Howe has received elaborate papers and documents from Munn & Co, of New York relating to his invention for manufacturing wheels for vehicles sawing planing, boring, etc, which are the precursors of his patent and very soon the invention of our townsman will be sent broadcast over the land probably doing work that required a regiment of hands, before it was known

BODY DISCOVERED —Capt Kerns, of the steamer *Pioneer*, discovered the body of a man in the Columbia river yesterday near the foot of Hayden's Island supposed to be the remains of Happy Jack who was drowned at the Cascades on Wednesday of last week An inquest will likely be held to-day

THE BIG GUNS —The bark *Helen W Almy* is at present lying at the government wharf in Vancouver and the people of our neighboring town have a good opportunity to see the "small defenders" of our ocean entrance before they are mounted We understand the opportunity is improved

THE NEW STEAMER —The boiler of the departed *Maria* was yesterday made air tight and will to-day be taken on board of a scow and floated across the river to the ship yard for Capt. Turnbull's new steamer which will soon be put up In case of accident to day the boiler will nearly float itself

TABLES —We did not exactly make a cabinet shop of our printing office yesterday, but one of the typos amused [t] himself by putting up a couple of tables as appears in the next column A want of sorts is the apology for the rough appearance of one of them

ACCIDENTAL SHOT —A man on board the steamer *Cowlitz* accidentally shot himself in the fleshy part of the thigh yesterday while playing with a small revolver Dr Chapman dressed the wound and the patient will suffer very little from the effect of the shot

MOULDER'S SAND —The steamer *Rival* delivered a large load of sand for the Oregon Iron Works in this city a few days since from Oregon City This sand is suitable for moulding and is brought for that purpose

OWNER WANTED —A gun was found in the woods on the west side of Willamette Slough recently for which an owner is advertised

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry [illegible] over [illegible] has been considered the most useful article [illegible] and [illegible] the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

LIVER, HEART, KIDNEYS, DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation it remained almost useless until Dr Henry Anders a physician and chemist of New York after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This considered impossible by the scientific world is attested by certificates of analysis from Dr J R Chilton of this city and Prof Booth U S Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners (see American Medical Monthly July 6, 1863, page 7[illegible])

This invaluable medicine is now available to the public for the cure of Scrofula in all its manifold forms Consumption Cancer Heart Liver and Kidney Diseases Rheumatism Neuralgia, Nervous Affections Dyspepsia, Bronchitis etc

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh strength and color hitherto pale relaxed and feeble he becomes full strong and florid
